

Professional Services at BG

The Belfort Group's Professional Services practice helps B2B companies, consultancy firms and more elevate their brands and stand out – from our work in integrated digital marketing and thought leadership, to brand development and reputation management. We have developed unique digital and traditional media methodologies that deliver outcomes aligned with our clients' business goals.

Discovery

Our 360-degree discovery process provides qualitative data and message points that serve as the foundation for our work.

Messaging

BG editorial specialists develop messaging that drives engagement with current and potential customers.

Creative & Branding

Our in-house design team will reinvigorate your brand with unique, distinctive positioning and impactful visual design – on your website and beyond.

Sales Collateral

We develop content and materials that will engage your audiences and support your sales team in reaching their goals.

Digital Marketing

Our team will activate and manage your digital channels to maximize your budget, increase visibility and fuel business growth.

Technology Integrations

We create results-driven solutions that range from customized website implementations to CRM integration and multi-channel marketing automation.

Social Media

Our savvy digital creators develop purposeful content that creates meaningful interactions with core audiences and drives brand awareness.

Thought Leadership & PR

Our team of former journalists and PR professionals will grow your reputation and increase visibility through media coverage, thought leadership, and speaking opportunities.

Reporting

Our work and our strategies are data driven and every campaign is measured and optimized to best meet and exceed performance.
